---

## EDUCATION

---

### University of British Columbia

Sep. 2020 – May 2026

*Bachelor of Commerce, Major in Computer Science & Business*

*Vancouver, BC*

## INTERNSHIP EXPERIENCE

---

### University of British Columbia - Digital Solutions (Faculty of Medicine)

May 2025 – August 2026

*Undergraduate Academic Assistant*

*Vancouver, BC*

- **Analyzed** day-to-day operational workflows **by developing work snapshots, business scenarios, and conducting stakeholder interviews** with AV Analysts to architect an internal application with 4 core features, tracking operational metrics and implementing 2 security layers to support management and 10 student users.
- Partnered with cross-functional Data Analysts to **define functional and non-functional requirements, system constraints, and authorization requirements** through institutional identity provider integration within Oracle Cloud Infrastructure and Oracle APEX, resulting in comprehensive master documentation for the application.
- Prepared the Annual Impact Report by **analyzing operational data and visualizing results through Tableau and automated SQL scripts**, ensuring outcomes and acceptance criteria were accurately documented and clearly communicated to the AV Operations Team Lead.

### University of British Columbia - Digital Solutions (Faculty of Medicine)

May 2025 – August 2026

*Undergraduate Academic Assistant*

*Vancouver, BC*

- Developed and standardized day-to-day workflows for **10 student employees**, by creating **1 comprehensive workflow manual, 14 support guides, and enhanced Visio process visuals** across internal Confluence database to improve training consistency and operational efficiency.
- Delivered hands-on training for 10 student hires across 7 faculty facilities, **by providing instruction on 2 AV systems** to accelerate onboarding by one week and prepare students for independent technical support.
- **Coordinated virtual and hybrid meetings by scheduling sessions**, connecting AV-equipped rooms, and conducting pre-meeting system checks, ensuring reliable technology setup and minimizing technical disruptions.

Sep. 2024 – May 2025

### University of British Columbia - Chapman Learning Commons

*Project Assistant*

*Vancouver, BC*

- **Managed daily email inquiries regarding campus resources** and developed social media contents through CLC blogs and instagram, delivering prompt and accurate information to support the university community.
- **Developed and published social media content through CLC blogs and Instagram**, promoting learning resources, programs, and services to the university community.

## VOLUNTEER & COMPETIONS

---

### Chapman Learning Commons, Art Peer Academic Coaching & Peer Academic Advising

Sep. 2025 – December 2025

*Liaison Committee Volunteering.*

- Documented key points from **monthly meetings from 3 cross departments** and communicated updates to student staff, enhancing faculty collaboration and ensuring efficient communication flow.
- Collaborated with **CLC student teams to facilitate events and manage logistics**, including budgeting and cross communications, resulting in smooth event execution and optimized student engagement.

## PROFESSIONAL & TECHNICAL SKILLS

---

**Digital Platform Management:** GIT, WordPress, Oracle Apex  
**Visualization:** Power BI, Power Automate, Tableau; Visio, Confluence.

**Project Management & Product Development:** stakeholder interviews, cross department communication.  
**Administration:** scheduling & briefings.
